

Rose Caron Scholarship Application

In accordance with Rose's wishes, the Rose Caron Scholarship is a **partial scholarship**. Funds are made available based on qualifications, which is a combination of your financial concerns and history, goals, and level of readiness to tackle your issues regarding health and healthy weight as presented below. Rose felt strongly that a key element for the success experienced by the women who come to Green Mountain was their willingness to make an investment in themselves, which attached a real "value" to their experience. Therefore, the women to whom we offer this scholarship are women willing to invest in themselves on every level (emotional, time away from home, some financial commitment).
